

Application

For securing lightning conductor tape for roof and wall applications.

Key Features

- Unique recessed rivet to eliminate damage to the membrane
- Manufactured from high quality polymer, with excellent UV repellent properties to prevent them fading and going brittle in the sun's rays
- Easy to use - supplied as one piece product
- Accommodate a conductor tape up to 27mm wide x 5mm thick
- Supplied with 100mm x 100mm membrane flange

Code	Flange Description	Clip Type To Suit	Flange Size (mm)	Suggested Fixing Centres (mm)
LF00102	Derbigum Black Cap Sheet	Bare conductor tape	100 x 100	500
LF00104	Derbigum Black Cap Sheet	PVC coated conductor tape	100 x 100	500
LF00202	Derbigum Charcoal Cap Sheet	Bare conductor tape	100 x 100	500
LF00204	Derbigum Charcoal Cap Sheet	PVC coated conductor tape	100 x 100	500
LF00302	Derbigum Olivine Cap Sheet	Bare conductor tape	100 x 100	500
LF00304	Derbigum Olivine Cap Sheet	PVC coated conductor tape	100 x 100	500
LF06002	Eurorof Torch-On Cap Sheet (black)	Bare conductor tape	100 x 100	500
LF06004	Eurorof Torch-On Cap Sheet (black)	PVC coated conductor tape	100 x 100	500
LCRPSA02	Single Ply & Cold Applied Liquids	Bare conductor tape	100 x 100	500
LCRPSA04	Single Ply & Cold Applied Liquids	PVC coated conductor tape	100 x 100	500

Bituminous Membranes Fixing
