

# ProBond PU adhesive

## Applications

ProBond roofing adhesive has been developed for the installation of insulation boards to a variety of substrates on flat roofs.

## Features

- Easy to use
- Clean compared with 'dribble pour' liquid applied adhesives
- Controllable for consistent application
- Ideal for small projects
- Simple low cost reusable tooling
- Suits most flat roof insulation materials
- Horizontal and vertical applications
- Fast curing
- Gap filling properties
- Can be used in temperatures as low as 0°C provided canister is stored +5°C or above prior to use
- Good resistance to wind uplift forces
- Up to 14 m<sup>2</sup> of insulation can be fixed

Product Code	Cartridge size (mm)	Fitting	Box quantity
PRO-BOND-B1-HAND	750	Manual	12
PRO-BOND-B1-SCREW		Screwtop	

## ProGun

Product Code	Description	Box quantity
PRO-GUN	Gun for applying foam with screwtop fitting. Robust metal construction with lockable trigger	1
